

JESSE SON

SOFTWARE DEVELOPER

BACKGROUND

Jesse is a Software Developer at Datacom. He is a quick learner and has good practical abilities, drawing satisfaction from participating in projects that he can be proud of. Jesse is reliable, conscientious and has a good work ethic, which has been the leading contributor to his grades and success in the workplace. Jesse works well in a team and enjoys contributing to managing projects with a team of developers with similar goals. Aside from work, he loves music, reading theology books and spends his spare time contributing and building Flutter and Dart open source projects.
